Building IT

- Designed, managed, and coordinated by DTS
- Installing a Passive Optical Network (PON)
- PON will carry:
 - All computer data traffic
 - Building Automation System
 - Security Cameras
 - Access Control System
 - Internet
 - Telephony
 - Cable TV
 - Building and Plaza Wide Wi-Fi
- Distributed Antenna System (DAS) for cell service
- Distributed Antenna System (DAS) for Emergency signal (800MHz)

Building Security

- Building owned, operated, and secured by M-NCPPC
- Lobby
 - Visitor Management System (VMS) planned by M-NCPPC
 - Lobby will include a Kiosk with Concierge for visitor assistance
 - Observed and recorded 24/7 by security cameras
 - Destination Elevator controlled access
- County offices
 - Security coordinated with Using Agencies reviewed by County Security
 - Office building includes 160-strategically located security cameras
 - Door Access Controls System coordinated with Using Agencies to manage and control public access
 - Building includes >50 Panic Buttons per Using Agency request
- PLD Garage
 - Patrolled and secured by Parking Lot District (PLD) Security
 - 62- Cameras observing and recorded 24/7
 - Access Control System

Furniture Design, Procurement & Installation

- Design, procurement, and installation by project Developer
- Includes systems furniture, task chairs, loose furniture, and ancillary furniture
- Coordinated with Using Agencies
- Contract awards following “best-value” determination(s)
- Installation of systems furniture to begin February 2020
- Systems furniture to be coordinated with Use & Occupancy permit
- All furniture installed by July 31, 2020 and coordinated with move-in schedule

Move-in

- JK Office Movers currently under contract to County
- Wheaton PM coordination with JK underway
- JK currently test-fitting existing office furniture to new offices
- Move will commence mid-June 2020 and extend to late-August 2020
- Furniture to be moved has been inventoried, measured, and test fitted
- Coordination with Using Agencies underway
- Need to meet next with DPS, HHS, REC, RSC/UD
- First draft of move-schedule under development
- Using Agency “Continuity of Operations” will be highest-priority
- Most moves on weekends
- Move will generally follow floor-by-floor U&O

Parking Management Plan

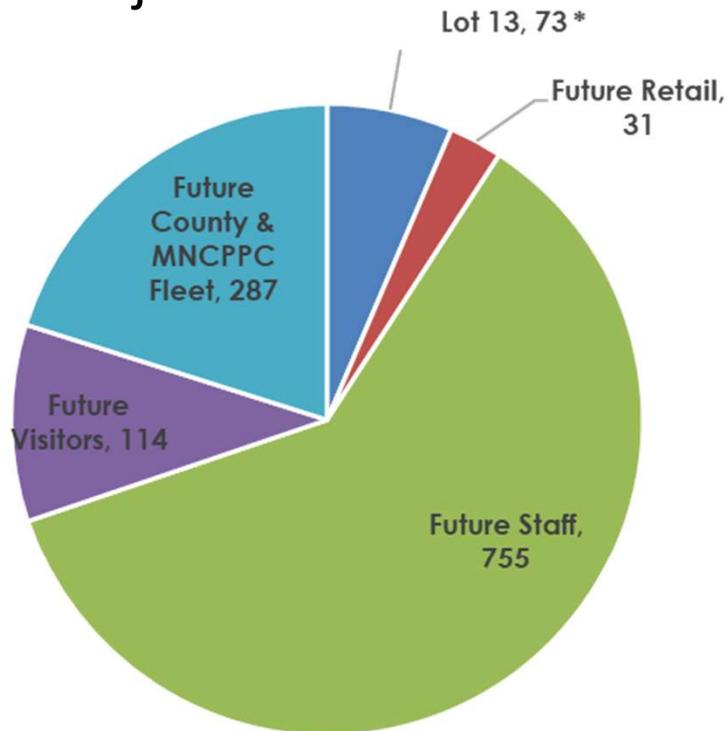

Parking Management Plan

- Parking Study was conducted in 2016
 - Factors that were used in study:
 - Existing parking demand (prior to Lot 13 closure)
 - Future parking demand generated by building
 - New Retail (12,000 s.f.)
 - New Employment (981 employees) - 621 County Employees
 - New Visitors (157,100 annual visitors)
 - New Fleet (287 vehicles) - 228 County Fleet

Parking Management Plan

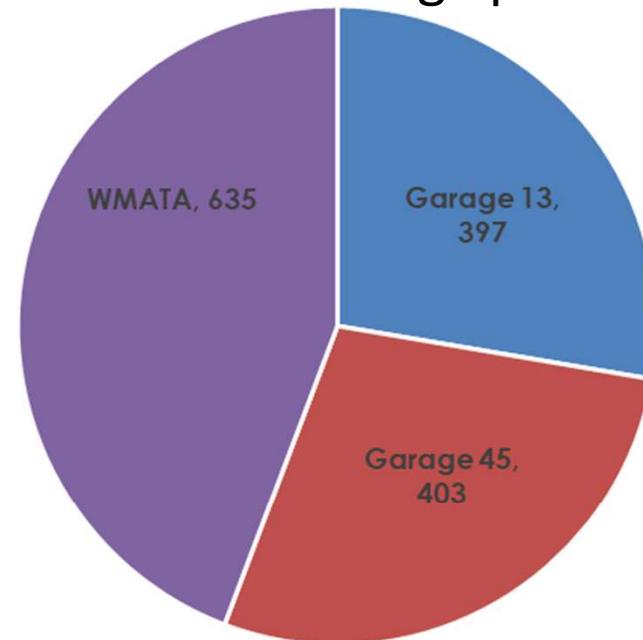

Study Results

Projected Peak Demand

Total spaces needed to meet Demand = 1,260

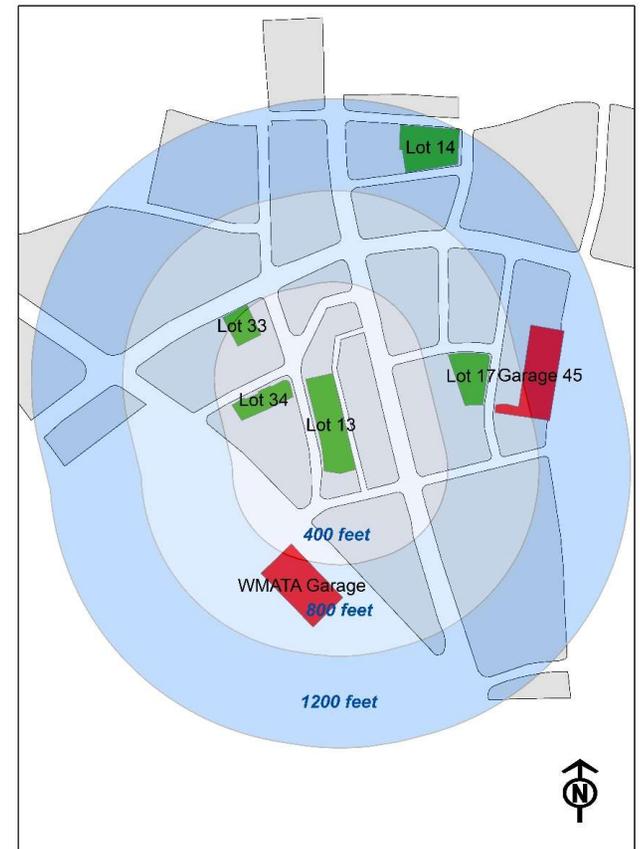

Projected Number of Available Parking Spaces

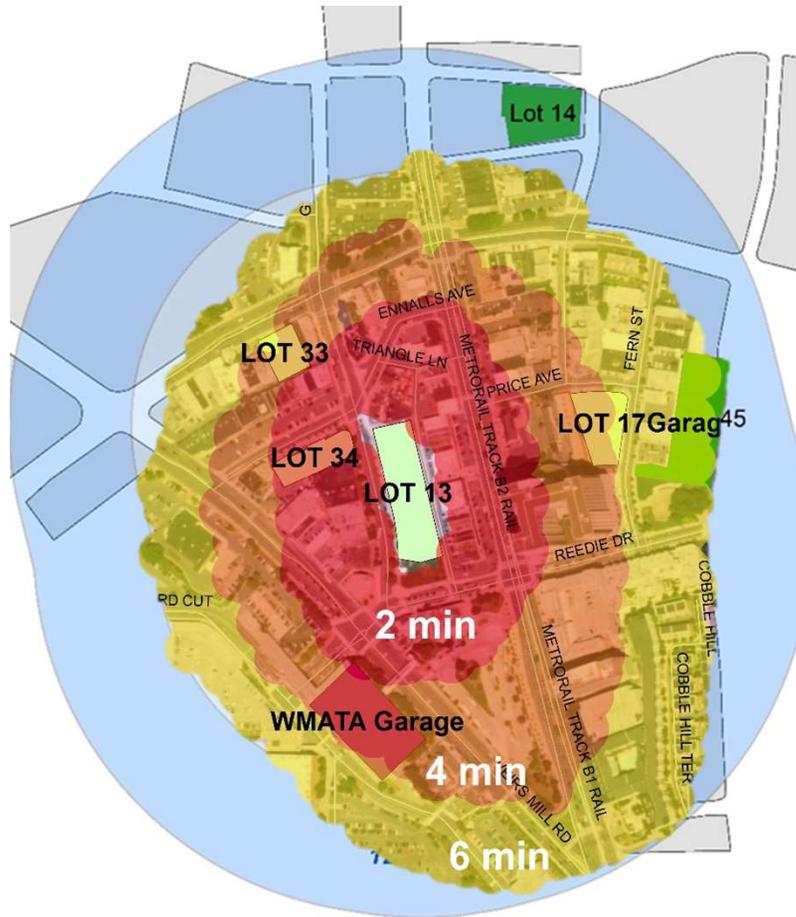

MCDOT Parking Availability = 800
WMATA Parking Availability = 635
Total Parking Spaces Available = 1,435

Parking Management Plan

- Where is everyone going to Park?
 - New- 397 Space Public Parking Garage
 - 4 levels
 - 3 levels of public parking
 - 1 level of County employee parking
 - 610 space Amherst Ave Garage (Garage 45)
 - 7 levels
 - 2 ½ levels of public parking
 - 4 ½ levels of County employee parking
 - 977 space WMATA Garage

Parking Management Plan

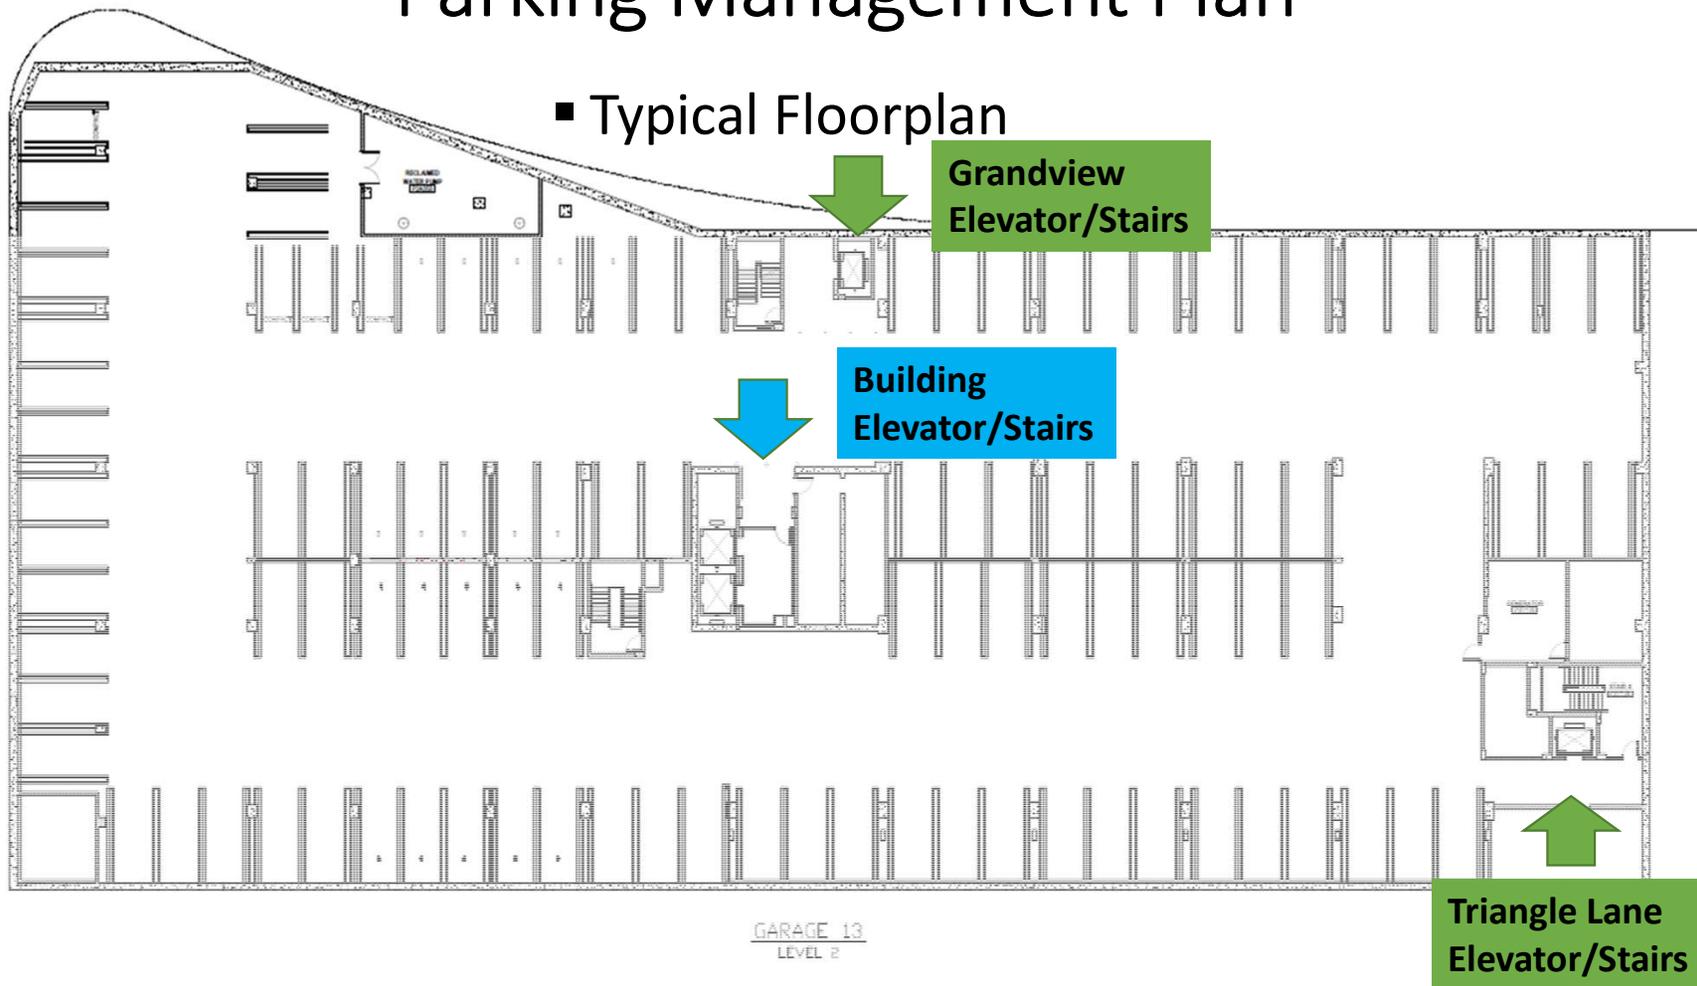

Parking Management Plan

- Parking Management
 - County Employees
 - Managed same way as “Rockville Core” program
 - Will be issued parking access based on grade and seniority
 - Will be assigned parking at Garage 13 or Amherst Garage (Garage 45)
 - County Fleet
 - County is finalizing a lease for 230 spaces in WMATA Garage

Parking Management Plan

■ Typical Floorplan

Parking Security Plan

Parking Security Plan

- New- 397 Space Public Parking Garage
 - Security Cameras and Emergency Phones
 - PLD security patrols in vehicles and on foot
- 610 space Amherst Ave Garage (Garage 45)
 - Security Cameras
 - PLD security patrols in vehicles and on foot
- 977 space WMATA Garage
 - PLD has agreed to vehicle security patrol
 - WMATA is adding Security Cameras and Emergency Phones

Q&A
